WaffleTastic® CW 3637

Enter the kitchen of the future, where a single appliance is the key to a world of culinary possibilities. Forget crowded kitchen cabinets and piles of kitchen appliances taking up space. Our innovative wonder combines up to 14 different kitchen appliances in one elegant design. Moreover, our appliance is 100% sustainable, thanks to recyclable and recycled materials, reuse of molds, use of fewer materials, use of infinitely recyclable aluminum, 100% sustainable FSC packaging. Finally, our appliance is more energy efficient thanks to our innovative technology.

FRITEL, Tastefully created!
